

## Puppy Vaccination Plan 12 week

At AllPets Animal Clinic, we are dedicated to providing quality health care for your puppy. This wellness plan will provide an affordable choice in properly caring for your new pet during her first year of life. Typically a puppy's first veterinary visit starts at 6-8 weeks of age and would include the following recommendations through 16-20 weeks of age.

# 20% discount

### WITH Our Puppy Wellness Plan

Total cost for the typical first five months of veterinary care:

**\$353.01**

Savings with our 20% discount  
Puppy Wellness Plan

**\$70.60**

YOUR COST WITH TAX

**\$299.35**

The puppy wellness plan will run 6 months from the time of sign up. No refunds will be granted for the program under any circumstance and this package is non-transferable to a new owner, being only applicable to the name listed below. Payment in full is expected at the time of enrollment

I understand the Puppy Wellness Plan as explained to me and I wish to enroll my pet, \_\_\_\_\_, in the program.

Signed \_\_\_\_\_ Date \_\_\_\_\_ Breed \_\_\_\_\_ Birthdate \_\_\_\_\_
